

TOUGH TALK

AT&T Mobile Satellite Services.

Communications made to work as hard as you do. Rugged, reliable communications you can use anywhere the job takes you. Services like **AT&T High Seas Direct®**. The fast, global direct-dial HF radiotelephone service that connects to any phone in the US ... **for the new low rate of just \$1.29 a minute.**

Give us a call. We'll show you more ways to get more value on other brown and bluewater services like end-to-end, direct-dial and 24-hour assisted ship-to-shore and shore-to-ship **Inmarsat** voice, data, fax and e-mail.

All made to work with the same *simplicity, convenience and economy* you've come to expect — and get — from AT&T.

AT&T Mobile Satellite Services. Find out more ... Call or visit our site on the world wide web.
